

CORE's Annual Appreciation Dinner Inspires

On July 29, CORE's Annual Staff Appreciation Dinner took place at the conference room at 5309 18th Avenue. A beautiful dairy buffet was on display, and lively, interactive exercises on "The Golden Thread" (linking interventions and documentation to assessment goals) edified the attendees. It was an entertaining and educational evening and a wonderful chance for staff to experience an evening of appreciation and cohesion. Thanks to our esteemed Executive Director, Yerachmiel Stern, LCSW, for stopping by and addressing the assembly in his own warm and inimitable style!

Data Department Has Team Building Day

The Data Analysis team had a fabulous team building outing on August 5th. The Director of Data Analysis, Yisroel Len, took his team to the Palisades Mall for a day of bonding. They did F-1, an escape room, a ropes course, and had a nice kosher lunch. This full day activity was enjoyed and appreciated by everyone. Yisroel Len notes that now there is more camaraderie and togetherness in the Data Analysis department.

The Pesach Tikvah Training Institute Plans Upcoming Year

The Pesach Tikvah Training Institute Director Lea Scharf, LCSW and our Executive Director Yerachmiel Stern, LCSW have been working hard to create an exciting and comprehensive series of trainings and events for the upcoming year. This year will feature a track for supervisors, a track for all clinicians, and a track for school administrators. Lea Scharf carefully considered staff input (via a survey) on what trainings would be most helpful. In addition to trainings, the Training Institute will produce a principals conference after Sukkos. Great things are in process. We wish them much hatzlocho.

Good News from Pesach Tikvah Programs

August has been a great month at Pesach Tikvah. Thank you to everyone for helping so many people in our community.

CORE: CORE is pleased to welcome Alina Yakubova, PSR provider, and Lynn Citrin, CRPA to their staff! CORE continues to provide support and skill-building services to individuals with mental health challenges, enabling them to live their very best lives in the domains of work, home, employment, and education.

School Satellite Program: The School Satellite Program is gearing up for an excellent start of the school year.

CFTSS: CFTSS is providing services to marginalized communities, including the Bronx. They are looking forward to expanding to Crown Heights.

ICF: The ICF honored Robin Jones, DSP for 25 years of service at the ICF. Mazal tov to Chanie Shindler on the marriage of her grandson, Avi.

Kesher Connection: The children's program welcomes four new supervisors: D. Krystalynne Mikel, PhD, Eli Knopfler, LCSW, Esther Tepfer, LCSW, and Diane Sedaghat, RN.

Care managers are continuing to support members and connecting them to resources. There was a nice uptick in outreach calls after a successful ad campaign.

COMHAB: Thank you to Diana Masri for ongoing excellent work.

Clinics:

5309: Mazal tov to Avigail Pollak on her engagement!

5309: Goodbye and thanks to Faigy Lefkowitz's for her devoted clinical work.

926: Congrats to Moishy on his graduation.
